

# 中国水产科学

Zhongguo Shuichan Kexue

第 31 卷 第 9 期 2024 年 9 月

## 目 次

### 黄河渔业资源与生态专题

- 龙羊峡水库鱼类群落结构变化 .....刘旭, 沈丽, 胡烨, 马宝珊, 李鹏程, 杜浩, 吴金明 (1001)
- 黄河源区浮游植物群落结构特征及其环境驱动因素 .....  
.....吴湘香, 马宝珊, 茹辉军, 王宏, 杨尖拉毛, 张燕, 吴凡, 杨传顺, 李云峰 (1015)
- 黄河河南段浮游生物群落结构特征 .....王兆平, 惠筠, 马超, 周晓林, 杨慧, 贺海战, 张清清 (1027)
- 黄河上游支流白河、黑河鱼类群落组成与结构特征 .....  
.....李飞扬, 颀江, 邹巧林, 刘亚, 宋明江, 吴晓云, 陈叶雨, 倪露芸, 欧军, 赖见生 (1042)
- 黄河三角洲潮间带贝类群落结构季节性变化 .....  
.....马培振, 李翔伦, 刘志鸿, 牛明香, 孙秀俊, 李转转, 周丽青, 吴彪 (1054)
- 鄂陵湖近岸花斑裸鲤的食物组成及随其生长的摄食变化 .....  
.....周翹楚, 蒋海鹏, 匡箴, 梁翼东, 徐东坡, 段启轩, 祁洪芳 (1069)

### 研究论文

- 高脂饲料对斑马鱼脂代谢及 KLF15-TWIST2 信号通路表达的影响 .....  
.....杜雨凌, 李虹辉, 王家辉, 彭丽雯, 朱豪杰, 全珂, 罗庆华, 褚武英 (1079)
- 两种加工方式的海马齿饵料对皱纹盘鲍生产性能、肌肉营养及质构特性的影响 .....  
.....李雷斌, 乔琨, 祁剑飞, 温凭, 方民杰, 郭少鹏, 刘智禹, 林琪, 曾庆民 (1090)
- 基于 16S rRNA 高通量测序技术的长江口刀鲚肠道微生物多样性研究 .....  
.....杨国祥, 李丹, 于雯雯, 李士虎, 施金金, 汤建华, 孟乾, 汤承诺, 岑永华 (1105)
- 不同增殖速度的东海原甲藻细胞周期及转录组比较分析 .....  
.....赵鹏珍, 王云龙, 马欣云, 全为民, 李楠楠, 陈渊戈, 范瑞良, 张海燕, 徐清, 欧阳珑玲 (1116)
- eDNA 技术在长江口中华绒螯蟹蟹苗资源监测上的应用 .....张方圆, 谭清元, 耿智, 杨刚, 赵峰, 张涛 (1129)

## Contents

|                                                                                                                                                                                            |        |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|
| Characteristics and historical changes in the fish community structure in Longyangxia Reservoir.....                                                                                       |        |
| ..... LIU Xu, SHEN Li, HU Ye, MA Baoshan, LI Pengcheng, DU Hao, WU Jinming                                                                                                                 | (1014) |
| Dynamics and environmental drivers of the phytoplankton community in the source region of the Yellow River                                                                                 |        |
| ..... WU Xiangxiang, MA Baoshan, RU Huijun, WANG Hong, YangJianlamao,                                                                                                                      |        |
| ZHANG Yan, WU Fan, YANG Chuanshun, LI Yunfeng                                                                                                                                              | (1026) |
| Analysis of the community structure characteristics of plankton in Henan section of the Yellow River                                                                                       |        |
| ..... WANG Zhaoping, HUI Yan, MA Chao, ZHOU Xiaolin, YANG Hui, HE Haizhan, ZHANG Qingqing                                                                                                  | (1041) |
| Composition and structural characteristics of fish communities in the Baihe River and the Heihe River, tributaries of the upper reaches of the Yellow River .....                          |        |
| LI Feiyang, XIE Jiang, ZOU Qiaolin, LIU Ya, SONG Mingjiang,                                                                                                                                |        |
| WU Xiaoyun, CHEN Yeyu, NI Luyun, OU Jun, LAI Jiansheng                                                                                                                                     | (1053) |
| Seasonal variation in the shellfish community structure characteristics in the intertidal area of the Yellow River Delta                                                                   |        |
| ..... MA Peizhen, LI Xianglun, LIU Zhihong, NIU Mingxiang,                                                                                                                                 |        |
| SUN Xiujun, LI Zhuanzhuan, ZHOU Liqing, WU Biao                                                                                                                                            | (1068) |
| Food composition and feeding changes of <i>Gymnocypris eckloni</i> with growth in the coastal area of Eling Lake, Qinghai, China .....                                                     |        |
| ZHOU Qiaochu, JIANG Haipeng, KUANG Zhen, LIANG Yidong,                                                                                                                                     |        |
| XU Dongpo DUAN Qixuan QI Hongfang                                                                                                                                                          | (1078) |
| Effect of a high-fat diet on lipid metabolism and KLF15-TWIST2 signaling pathway gene expression levels in zebrafish ( <i>Danio rerio</i> ).....                                           |        |
| DU Yuling, LI Honghui, WANG Jiahui, PENG Liwen,                                                                                                                                            |        |
| ZHU Haojie, QUAN Ke, LUO Qinghua, CHU Wuying                                                                                                                                               | (1089) |
| Effects of two processing methods of <i>Sesuvium portulacastrum</i> diet on culture performance, nutrient composition, and muscle texture properties of <i>Halotis discus hannai</i> ..... |        |
| LI Leibin, QIAO Kun, QI Jianfei, WEN Ping,                                                                                                                                                 |        |
| FANG Minjie, GUO Shaopeng, LIU Zhiyu, LIN Qi, ZENG Qingmin                                                                                                                                 | (1104) |
| Study of the gut microbial diversity of <i>Coilia nasus</i> in the Yangtze River estuary based on 16S rRNA high-throughput sequencing technology .....                                     |        |
| YANG Guoxiang, LI Dan, YU Wenwen, LI Shihu, SHI Jinjin,                                                                                                                                    |        |
| TANG Jianhua, MENG Qian, TANG Chengnuo, CEN Yonghua                                                                                                                                        | (1115) |
| Comparative analysis of the cell cycle progression and transcriptome of <i>Prorocentrum donghaiense</i> with different proliferation rates .....                                           |        |
| ZHAO Pengzhen, WANG Yunlong, MA Xinyun, QUAN Weimin, LI Nannan,                                                                                                                            |        |
| CHEN Yuange, FAN Ruiliang, ZHANG Haiyan, XU Qing, OUYANG Longling                                                                                                                          | (1128) |
| Application of eDNA technology for monitoring megalopa resources of <i>Eriocheir sinensis</i> in the Yangtze River estuary .....                                                           |        |
| ZHANG Fangyuan, TAN Qingyuan, GENG Zhi, YANG Gang, ZHAO Feng, ZHANG Tao                                                                                                                    | (1139) |
